OLD TIMES VIBE

Collection 2018B

For this 2018B collection, Protokolo is reinventing its promise of infallible Activewear by bringing back key features from classic staples that revolutionized fashion. We are looking to incorporate these styles into our own and create a signature look that is original yet still reminiscent of decades' past, where silhouettes highlighted and emphasized the body's figure.

Our color scheme includes pastels, which induce tranquility and encourage leisure time, in contrast with accents in bright tones, like red and orange, all seamlessly blended into an array of earthy-tones, where brown is the key player for this fall season.
